

# NMC-WOLLARD **TLS-770A** Lavatory Service Truck

- Stainless steel tanks.
- Non-slip gripstrut diamond plating on top deck.
- Hi-lift platform (optional) reaches up to 137 in. (348 cm).
- All plumbing (valves, drains, etc.) enclosed — safe from exposure.
- Operates at night with illumination lights.
- Plumbing components corrosion-resistant.

## High capacity — corrosion resistant construction

### High Capacity Lav Truck

400 gallon capacity (1516 L) waste tank and 260 gallon capacity (984 L) flush tank allow the NMC-WOLLARD Lavatory truck to service all commercial aircraft.

### Corrosion Resistant Construction

Both waste and flush tanks feature 11 ga. stainless steel construction. Both tanks have sight gauges. Flush

system includes a disk type meter with return-to-zero setback knob — measures the amount flush water for efficient system cleaning. Pump activates with foot operated control on the top deck. Plumbing includes a relief valve and suction line filter. Night operation lighting and non-slip gripstrut top deck are standard. Options include tank immersion heaters and compartment space heaters for winter operation.

### Ramp-proven UC power chassis

Optional chassis (not pictured) withstands ramp impacts and reduces body repair costs compared to automotive style pick-up trucks. Has a projected service life of 15+ years — reduces total life costs and simplifies maintenance with driveline options that match your fleet and service schedules.

Photos may show optional equipment.

#### Aircraft Servicing Capability

All commercial jet aircraft.

**Vehicle**  
Ford F-350 chassis, dual rear wheels, 11,000 lbs.  
(4,990 kg) GVW, automatic transmission, power steering.

**Tank Capacities**  
Flush.....260 gallons (984 liters)  
Waste.....400 gallons (1,516 liters)

**Shipping Dimensions**  
Length.....248 in. (630 cm)  
Width.....90.7 in. (230 cm)  
Height.....76.5 in. (194 cm)  
Weight.....8,800 lbs. (4,000 kg)

- Optional Items**
- NMC UC Chassis
  - Heated flush tank and pump compartment
  - Undercoating
  - Rustproofing
  - Overseas spray
  - Lift platform
  - Closed dump system
  - Morse control
  - Diesel chassis
  - Governor
  - Beacon
  - Heavy-duty bumper/grill guard
  - Hourmeter
  - Keyless ignition (NMC UC chassis only)
